**DABBOX**

A classic that can be used in most workplaces, the Dabbox delivers a warm sound and features the latest technology. Perfect for indoors and outdoors if you keep it nearby.

**WWW.PERFECTPRO.EU**

The classic: warm sound from an oversized 5-inch speaker, equipped with the latest technology.

#### FM RADIO

##### FM RADIO

FM radio is here to stay! Whereas DAB+ radio reception can be tricky in large buildings or remote areas, there's always good old FM to back you up. Problem solved – as all our radios have FM capabilities.

##### DAB+

The genuine 21st-century digital radio, as clear as a bell and as user-friendly as it gets. If there's no coverage, you can simply switch to trusty old FM.

##### AUX IN

Need a break from radio? All you need is a basic audio cable to connect any device with a headphone jack and play it on your PerfectPro radio.

##### INTERNAL CHARGER

This radio has only an internal charger. This charges the battery pack when the device is connected to the mains. Also charges while playing!

##### BLUETOOTH

Transform your radio into a high-quality Bluetooth speaker and listen to your own audio thanks to the Bluetooth interface. You can play anything from your computer or phone directly on your radio.

Lasts an entire  
workday on the
