# ROCKHART

The largest jobsite radio on the market, the Rockhart is popular with outdoor workers and on large projects. A perennial favourite for anyone who demands the best and the largest.

[WWW.PERFECTPRO.EU](http://WWW.PERFECTPRO.EU)

# Nicknamed 'the Boss', the largest and most powerful jobsite radio ever built

It features two powerful woofers and tweeters, driven by a premium amplifier, that produce an impressive sound.

## FM RADIO

### FM RADIO

FM radio is here to stay! Whereas DAB+ radio reception can be tricky in large buildings or remote areas, there's always good old FM to back you up. Problem solved – as all our radios have FM capabilities.

### DAB+

The genuine 21st-century digital radio, as clear as a bell and as user-friendly as it gets. If there's no coverage, you can simply switch to trusty old FM.

### BLUETOOTH

Transform your radio into a high-quality Bluetooth speaker and listen to your own audio thanks to the Bluetooth interface. You can play anything from your computer or phone directly on your radio.

### POWERBANK

Our radios are equipped with strong batteries which can double as power banks with 5V/1.2A output. Connect the phone to the USB port and it will be charged in no time.

### AUX IN

Need a break from radio? All you need is a basic audio cable to connect any device with a headphone jack and play it on your PerfectPro radio.

Long, wireless  
playtime and a  
high power output
