UBOX400R

This no-nonsense lightweight jobsite radio with powerful speakers can be used in most work settings, but especially indoors.

WWW.PERFECTPRO.EU

The compact lightweight jobsite radio.

Warm sound emitted by a
3-inch speaker and equipped
with all the features you need.

FM RADIO

FM RADIO

FM radio is here to stay! Whereas DAB+ radio reception can be tricky in large buildings or remote areas, there's always good old FM to back you up. Problem solved – as all our radios have FM capabilities.

DAB+

The genuine 21st-century digital radio, as clear as a bell and as user-friendly as it gets. If there's no coverage, you can simply switch to trusty old FM.

AUX IN

Need a break from radio? All you need is a basic audio cable to connect any device with a headphone jack and play it on your PerfectPro radio.

BLUETOOTH

Transform your radio into a high-quality Bluetooth speaker and listen to your own audio thanks to the Bluetooth interface. You can play anything from your computer or phone directly on your radio.

Lasts an entire
|workday on the
