WORKTUBE

Room-filling audio experience that fits inside a toolbag. Connected to another Worktube, it transforms into a stereo-surround experience.

WWW.PERFECTPRO.EU

With its warm, room-filling sound and featuring the latest technology, this is the perfect travel companion.

FM RADIO

FM RADIO

FM radio is here to stay! Whereas DAB+ radio reception can be tricky in large buildings or remote areas, there's always good old FM to back you up. Problem solved – as all our radios have FM capabilities.

DAB+

The genuine 21st-century digital radio, as clear as a bell and as user-friendly as it gets. If there's no coverage, you can simply switch to trusty old FM.

AUX IN

Need a break from radio? All you need is a basic audio cable to connect any device with a headphone jack and play it on your PerfectPro radio.
